# Supplementing Programs

# Use of ESEA Funds to Administer State ELP Assessments

Title I and Title III funds **may not** be used to administer State ELP assessments because:

- Title I does not specifically authorize this expenditure, which is necessary because the requirement applies to all LEP students (not just Title I students).
- Use of Title III funds for this purpose would violate the supplement not supplant requirements since the ELP assessment is a requirement under Title I.

SEA **may** use Section 6111 funds to administer State ELP assessments.

## Use of ESEA Funds to Develop and Administer ELP Assessments for Identification and Placement

- Neither Title I nor Title III funds may be used to develop or administer ELP assessments for identification and placement purposes.
- Section 6111 funds **may not** be used for this purpose as they may only be used to fund assessments required under Section 1111(b)(7).

# Avoiding Supplanting Issues

## 4 Guiding Questions for Determining If Title III Funds Can be Used Without Violating the Supplant Requirement

1. What is the instructional program/service provided to all students?
2. What does the LEA do to meet *Lau* requirements?
3. What services is the LEA required by other Federal, State, and local laws or regulations to provide?
4. Was the program/service previously provided with State, local, and Federal funds?

Based on the answers to the above questions, would the proposed funds be used to provide an instructional program/service that is in addition to or supplemental to an instructional program/service that would otherwise be provided to LEP students in the absence of a Title III grant?
